DRY BULK TRANSPORTATION PRODUCTS AVAILABLE FROM LIQUIP

Dear Valued Customers and Distributors,

Liquip are proud to offer Civacon parts for Dry Bulk Transportation spare part applications.

Liquip’s Dry Bulk offering includes products such as manholes*, butterfly valves, hopper tees, pipe couplers, aeration systems, aeration assemblies, relief valves*, swing check valves, air-operated actuators and digital gauges.

These products are precision-engineered and manufactured to meet the product-handling requirements of a wide range of dry-bulk industries and applications such as cement, flour, starches, pharmaceuticals and fertilisers.

If you have any questions or would like to order any of these parts please contact your local Liquip representative and email orders@liquip.com.
